Subject: Re: Kodi Klip Corp

Aroll -

Regarding your "Kodi Clip" that attaches 2 rebar placed 90 degrees to each other, we have found it to work in an acceptable manner. TxDOT does not pre-approve these products and only consider the use based on performance. The performance of your product appears to be acceptable. - thank you

Note - Effective August 1, 2010, I have a new e-mail address:  
Karl.Janak@txdot.gov. Please update this information in your address book.  
Thank you.
