**RE: Request for Acceptance of Kodi Klip Rebar Connectors**

Dear Mr. Moffett,

This response is in regard to your letter dated August 25, requesting an approval letter for your product from the office of the building official of the City of Houston. It is not our policy to provide blanket approvals for emerging technologies and materials. As we consider this element a temporary construction device and not a code requirement, contractors may use your product at their discretion.

If you have any questions you may contact me at 713-535-7510.

Respectfully,

Gary Bridges  
Building Official
